User Safety

Violence and Extremism

We do not allow content that promotes, praises, or glorifies violence, terrorism, or extremist ideologies – regardless of their political, religious, or ideological motivation.

Disinformation and Manipulation

We prohibit the deliberate dissemination of false or misleading information that may cause harm to users or the wider public. This includes false medical or election-related claims, fake security alerts, and conspiracy theories without credible foundations.

Hate Speech and Discrimination

Klovy Chat does not tolerate any content that attacks, humiliates, or incites hatred against individuals or groups based on protected characteristics, such as race, ethnic origin, nationality, skin color, religion, sex, gender identity, sexual orientation, age, disability, health status, socioeconomic status, immigration status, or other similar characteristics.

Self-Harm and Suicide

We do not allow content that encourages self-harm, glorifies eating disorders, or promotes suicidal thoughts or actions. If you notice someone in crisis, contact the local emergency number or direct them to professional psychological support.

Content Harmful to Minors

Any sexually explicit content involving minors is strictly prohibited and will be promptly reported to the appropriate law enforcement authorities. We are committed to protecting the safety of younger users in every aspect of the platform's operation.

Threats, Harassment, and Doxing

We prohibit sending threats, harassing other users, or disclosing private personal information without the consent of the person concerned (doxing). Every user has the right to privacy and to feel safe.

Violence and Gore

We do not allow the sharing of content depicting real violence against people or animals, graphic gore, or cruelty – except for journalistic materials presented with appropriate context.

Illegal Activities

Organizing, promoting, or facilitating activities that violate the laws applicable in Poland, the European Union, or international law is prohibited. Ignorance of the law does not exempt anyone from responsibility.

The distribution of viruses, ransomware, spyware, or any other malicious software is strictly prohibited. We also prohibit attempts to gain unauthorized access to user accounts, platform servers, or other information systems.

Copyright-Infringing Content

We do not allow the sharing of content that infringes the intellectual property rights of third parties, including pirated software, illegal copies of films, music, games, or other protected materials.

of the platform is prohibited.
